About the Interior Rehab Project:

This will be an interior remodeling project with no structural changes. The project is a 2 bedroom, 2 ½ bathroom townhouse. This townhouse will be remodeled by patching drywall, painting the entire unit, replacing all flooring, updating bathroom vanities and fixtures, and updating kitchen cabinets and appliances.

Building Strength, Stability, and Self-Reliance through Shelter

Habitat for Humanity MetroWest/Greater Worcester builds and sells homes to local families in need of affordable housing using volunteer labor and donated materials.

A Habitat home is a strong foundation for a family, an opportunity for them to build a better life. The homes are a stabilizing force for a family. Better, affordable living conditions lead to financial stability, improved health, and the ability to make good choices for the future.

A decent place to live, as well as an affordable mortgage, enables homeowners to have more money left over to pay for essentials such as healthy food, medicine, transportation, and to save for education. Your financial support, your time, and your voice, will help build strength, stability and self-reliance to families in need of a safe and affordable home. Through shelter, we empower.

Partner Families

We use three criteria to select families for our home build program:

1) Need for adequate shelter
2) Ability to pay a monthly mortgage
3) Willingness to partner with Habitat

These qualifications ensure that families are eligible to receive affordable housing per our guidelines, have a strong desire to work for their goal, and will have the ability to pay for their home over a 25 or 30 year mortgage.

How You Can Get Involved

- Make a donation by visiting www.habitatmwgw.org. Click the Orange Donate Button and direct your gift to the Northborough Build Site.
- Make a Gift-In-Kind donation of building materials, labor, or services.

Sweat Equity

Habitat builds homes with families, not for them. Partner families invest 400-500 hours building their own home or volunteering on another Habitat project.
