Become a Housing Hero for local families. We are offering the opportunity for a team of 8 – 12 to be on-site helping to build a home for a local family. This is a unique experience – one that your team will not soon forget. Because of the pandemic, raising funds for our mission to build homes, communities and hope is more important now than ever before. Your support will mean the world to a local family who so urgently needs a safe and affordable home.

HOW IT WORKS: You can choose just ONE day or MULTIPLE days. For each day chosen, the donation amount is $3,000 to support local families and veterans who need an affordable home.

CHOOSE YOUR DATE(s) TO BUILD! Dates are first come/first served.

Build Date Available:
✓ Sat. Oct. 30th
✓ Teams of 4-6 will work indoors 8AM-Noon AND 12:30PM – 4PM
✓ Allows you to have 8-12 people total all day.

Habitat Housing Heroes will pay $3,000 for each day chosen to further our mission to build homes, communities, and hope, and receive the following benefits:
✓ One build day for a team of volunteers as outlined above
✓ Habitat t-shirt for volunteers
✓ Company logo on home build site sign
✓ Social media recognition and Press Release Recognition
✓ Company logo included in home dedication program
✓ Your organization may create a branded video highlighting your support of safe and affordable housing that will be posted to our YouTube channel.
✓ Organization name written on a wooden piece of framing and included in the local affordable home build. A photo will be taken and shared on social media with a thank you message to your organization.

About the Harrison Street Build: At 81 Harrison Street in the Union Hill neighborhood of Worcester, we are building three single-family attached homes, with a full basement. Two of the homes will contain 3-4 bedrooms and 2 baths, and one home will contain 2-3 bedrooms with 1 ½ baths. Once complete three local families will be able to live in safe, decent, and affordable homes.

No experience necessary! Your team will be supervised by staff on site who will train and lead you in your build activities. We’ll provide the tools or bring your own well marked tools.
