

Join us from May 1st – 31st!

Many families in our community urgently need a safe, stable home. Take the Walk for Homes Challenge and move 60 miles in 30 days while raising awareness and funds to help achieve housing affordability and security for all. The 60 miles represents the number of homes we have built or are in the pipeline to benefit local families. This is just 2 miles a day, but if you move at a slower pace, we welcome all to join! Choose your own path to support **local families who are counting on you!**

Why Walk for Homes

No matter who we are, we deserve to feel strength and stability day after day. We deserve to know we have the power to take care of ourselves and build our own futures. **Your participation helps local families build strength, stability, and self-reliance through affordable homeownership.**

How to Walk for Homes

Your Challenge, Your Way. Walk, run, or roll anytime from May 1st – May 31st. Earn badges for achieving key milestones and see your progress as you move across our service area all while learning about the challenges faced by local families, and the mission and work of Your Habitat.

Walk as an Individual or a Team. Our fundraising platform makes it easy for individuals and groups of any size to participate.

Each participant is encouraged to raise \$500 to help local families build stability through affordable homeownership. We provide resources – including step by step fundraising tips, stories you can share, and a secure online platform with a personalized fundraising page to help make it easy.

To Register, Sponsor & for more information

Registration Coming Soon Visit <https://www.habitatmwgw.org/walk-for-homes/> (stay tuned!)

For sponsorship opportunities, please contact Deborah.huegel@habitatmwgw.org

For further questions, please contact sara.costello@habitatmwgw.org

Through shelter, we empower.
