**Granite City Electric Donates Electrical Supplies
to Five Massachusetts Habitat for Humanity Affiliates**

Worcester, MA, ISSUED March 20, 2024 - Habitat for Humanity MetroWest/Greater Worcester (www.habitatmwgw.org), which has delivered quality housing in partnership with families in need for the past 39 years, received a generous donation of electrical supplies from Granite City Electric for its local homebuilding projects in MetroWest/Greater Worcester. Through Granite City Electric Partnership program, four other Massachusetts affiliates of Habitat for Humanity were also chosen to receive in-kind electrical supplies for home construction projects: Habitat for Humanity South Shore, Pioneer Valley Habitat for Humanity, Habitat for Humanity North Central and Habitat for Humanity Nantucket.

Steve Argyle, Vice President of Branch Sales for Granite City Electric said, "Our Company has a strong commitment to giving back and feels privileged to contribute to so many charities, in particular, to an organization like Habitat for Humanity that assists so many families throughout Massachusetts."

"We are so grateful to Granite City for their ongoing support of our local builds and Habitat programs statewide. Granite City has been a long-time supporter of Habitat's work. Their contributions make a significant impact our ability to build safe affordable homes in partnership with local families," said Debbie Maruca Hoak, Executive Director.

About MetroWest/Greater Worcester Habitat for Humanity

Our mission is to build homes, communities and hope for local families and veterans. We serve 42 cities and towns throughout Greater Worcester and Metro/West. Under the motto of "a hand up, not a handout," we build houses with families rather than for them. Partner families must contribute "sweat equity hours" building their homes and learning skills to become successful homeowners. They also pay back an affordable mortgage, based on their income. With an affordable home, families build strength, stability, and self-reliance. Through shelter, we empower.
